Don't see the perfect one?
Let's customize! Once you select your ideal tour, we're ready to go!

You can now start to **approach people who share your passions.**

It helps to **know the benefits** of small group travel over regular group travel.

We can send you **materials:** photos, posters, overviews, itineraries and more. On the **website**, participants can link to the **PHOTOS, FACEBOOK AND BLOG.**

You can hold an **informal gathering** to offer more information, or start a special **facebook** group!

It's all about getting together. . .

Wine and Cheese Evenings: We can send a slide presentation along and when possible, we will attend to present the slides for you!

Show and tell: Tell why you're passionate about going to the destination; show photos!

Email info to your club members: Write a letter to go with the itinerary or send it along with an invitation to a show-and-tell event.

Invite other wine lovers to suggest tours: Let's work together to create the ideal experience!
